

Affordable Internet

The graphic is a promotional card for affordable internet. At the top left is the 'FAMILY CODE NIGHT' logo with two stylized characters holding a laptop. To its right is a teal banner with the text 'Code On at Home!'. Below this, the main title 'Find Affordable Home Internet' is centered. Underneath the title are four logos arranged in a grid: 'everyoneon.org' (with a hand cursor icon), 'THE FEDERAL LIFELINE PROGRAM' (with a smartphone and American flag), and 'INTERNET ESSENTIALS from Comcast' (with a grid of icons). Below each logo is a brief description: 'Let's visit EveryoneOn.org', 'Lifeline \$9.25/mo subsidy', and 'Comcast \$10/mo Internet Essentials'.

1. Go to www.EveryoneOn.org. Enter your zip code, then click “Find Offers.” Next, click any boxes that apply to your family. Finally, click “View Offers” to see reduced price offers for broadband service and devices.
2. Lifeline is the federal assistance program for subsidized phone and, just recently, internet service. It provides a subsidy of \$9.25 a month to qualifying households. Get more information at www.lifelinesupport.org/.
3. Many cable, phone, and internet services providers offer low-cost internet service to qualifying customers. One example is Comcast’s Internet Essentials, providing broadband service for \$10 a month, plus other benefits including low cost computers and classes. Learn more at <https://internetessentials.com/>.
