2. To use the this Kit, **start with the “Organizer’s Guide”** and planning checklists therein, then the “Presenter’s Script & Prep Guide.” The “Resources Folder” has all assets for your event referred to in those two main documents.
3. When you open the Resources Folder, sort by name to simplify your view of documents available to you (this groups alternative file formats of the same document for simpler viewing).
4. Visit our FAQ at [FamilyCodeNight.org/FAQ](http://FamilyCodeNight.org/FAQ) for quick answers to the most common questions. Use our Contact form for questions and feedback.

Thanks for all you do!
