

# Code On in Maine!

Enjoy all Maine has to offer for kids in coding and computer science.

## Summer Camps

### [MSSM Summer Camps](#)

Look for Girls' Cybersecurity Camp this summer in Limestone. Ages 10-14.

### [Maine Robotics Summer Camps](#)

Several locations throughout the state. Ages 12-16.

### [The Maine Game Summer Camp](#)

Learn how to make computer games in southern Maine. High School.

## Coding Events

### [Maine Digital Festival](#)

Saturday, December 9, 2017  
Augusta Civic Center

### [Teen Tech Night](#)

Friday, March 17, 2017  
Maine Discovery Museum  
Bangor

May is "Scratch Month" and you can join youth around the world as they learn Scratch.

Host a [Scratch Day](#) at your school, library, or afterschool program!

## Competitions

### [Maine App Challenge](#)

High schoolers work alone or in small teams.

### [Thomas Cup](#)

An overnight event for high school teams.

### [Congressional App Challenge](#)

High schoolers work alone or in small teams.

### [Maine State Middle School Science & Engineering Fair](#)

Middle schoolers conduct their own science or engineering projects - includes computer science!

Other Coding Online

### [Khan Academy](#)

Learn coding and other computer science principles online at your own pace!

### [Coding with Minecraft - Hour of Code](#)

Did you know that you can code with Minecraft? Try these two tutorials from code.org.

### [Coding with Minecraft - Tynker](#)

Take your coding further with these courses.
